

Welcome Parents and Players to the 2018
Recruiting Informational Meeting

First things First..

Don't play football for a scholarship, play for the love of the game, memories with your best friends and the life lessons!! Football is the last place in our society that we can teach TOUGHNESS.

What do I do as a coach?

1. Meet with coach recruiters in the winter months November (D3) and December (D2 and D1). Meet again in the spring (March - May)
2. Send out informational emails to any school you want me to and even those you don't ask for.
3. Go to "recruiting nights" twice a year.
4. Network with college coaches at clinics and spring practices.

Who can play college football?

ANYBODY!!!

D1 Play for the Bucks on TV, Walk On, D1 FCS, D1aa, D2, NAIA, D3 (player or "program guy")

Who gets \$\$?

Never too early to take the ACT. Grades, Grades, Grades!

Only D1 gives full rides, lower levels (1aa, and below will find every cent they can academically before they touch the athletic money.

Exposure is important but not through BS combines, 7on7 coaches (which is illegal in OHIO) or Personal Terrorists... I mean personal trainers. Spend that money if you have it on an ACT class or tutor.

Hudl Highlight Film

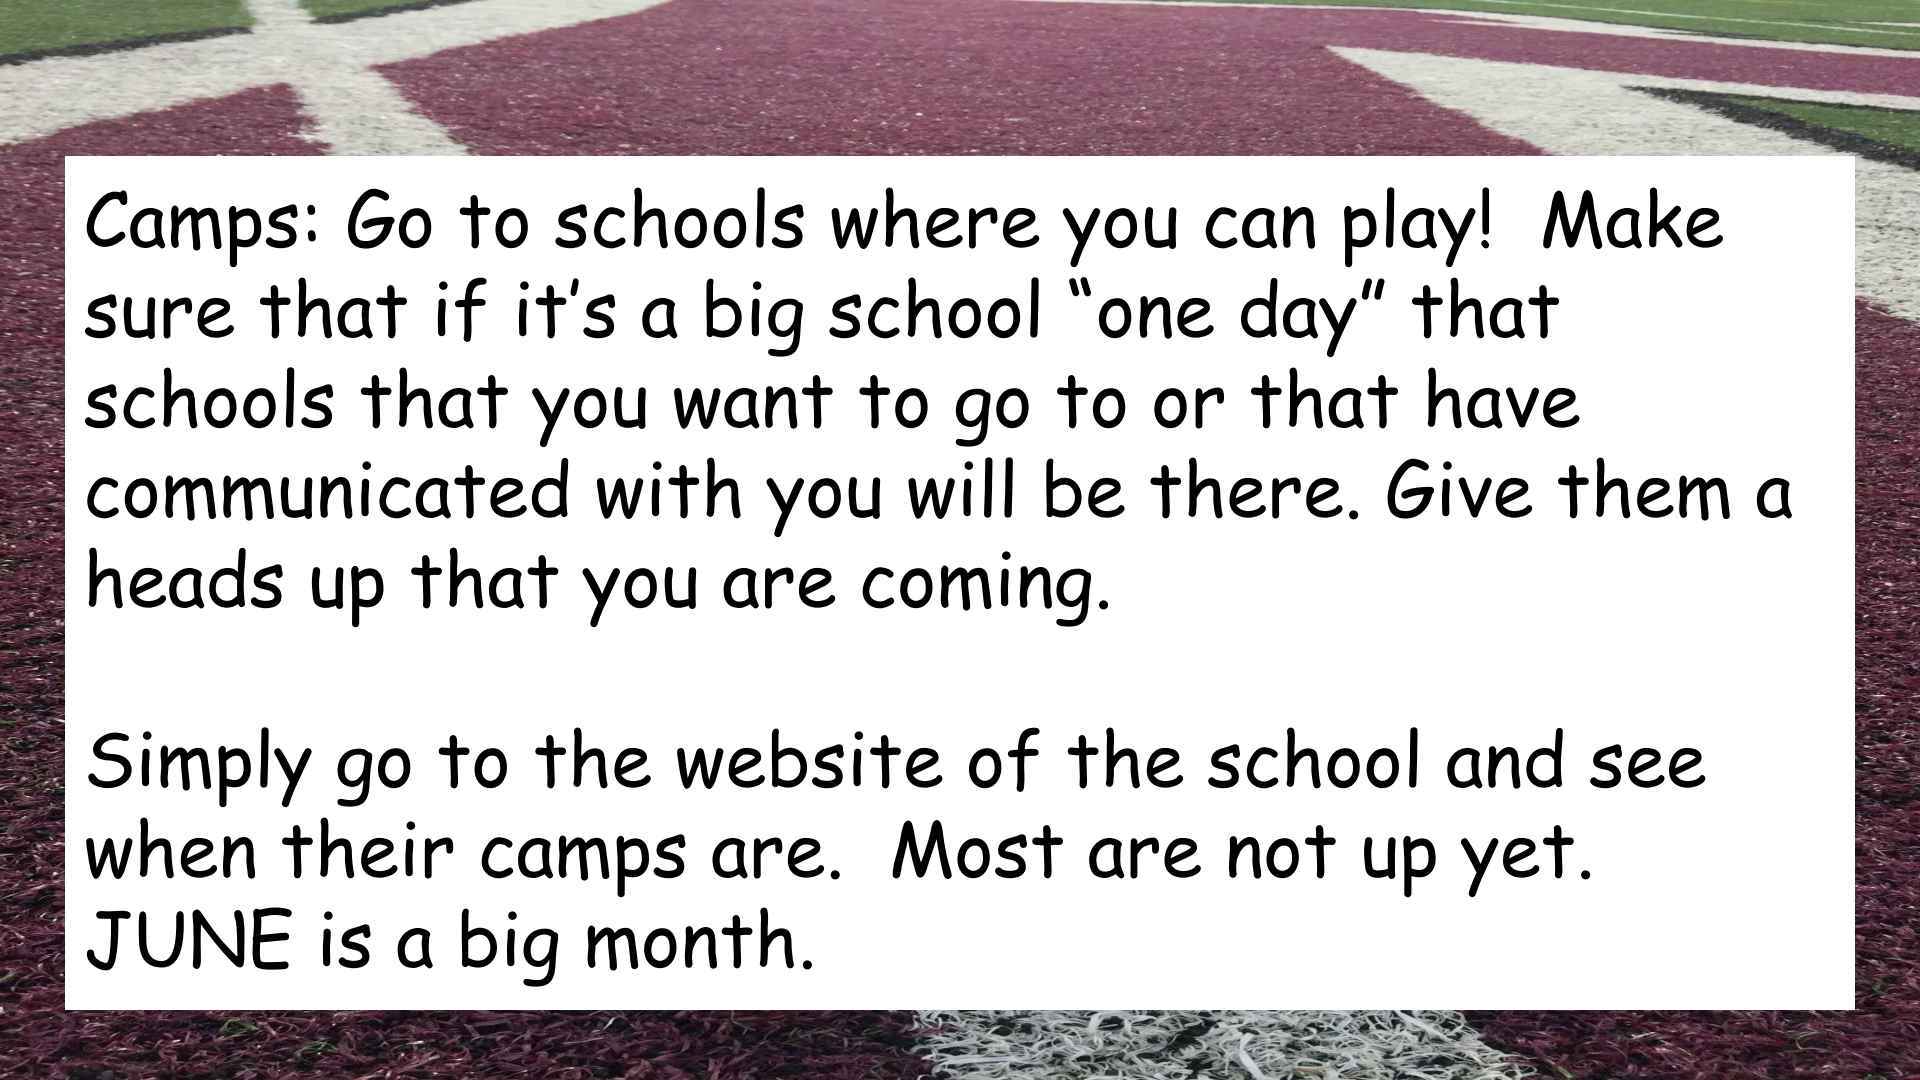

Make sure they are made for each season and that all contact info is updated.

**** Key highlights to about 2-3 mins and put your best stuff first!**

Who doesn't know how to make them?

Hudl Highlight Film

- If you can't get footage from your coach and someone else is filming - a tripod is highly recommended.
- Be sure to film all of the players on the field, not just the featured player.
- Give a wide enough angle so the coach can watch the entire play develop.
- Shoot from an elevated location, with a clean line of sight.
- The camera view should not be obstructed.
- Do not zoom in and out.
- Skills footage is only required for Kickers, Punters, and Long Snappers. Skills footage should be no more than 5 minutes in its raw form.
- Footage must be on a lined field!
- No music
- No slo-mo
- No special effects

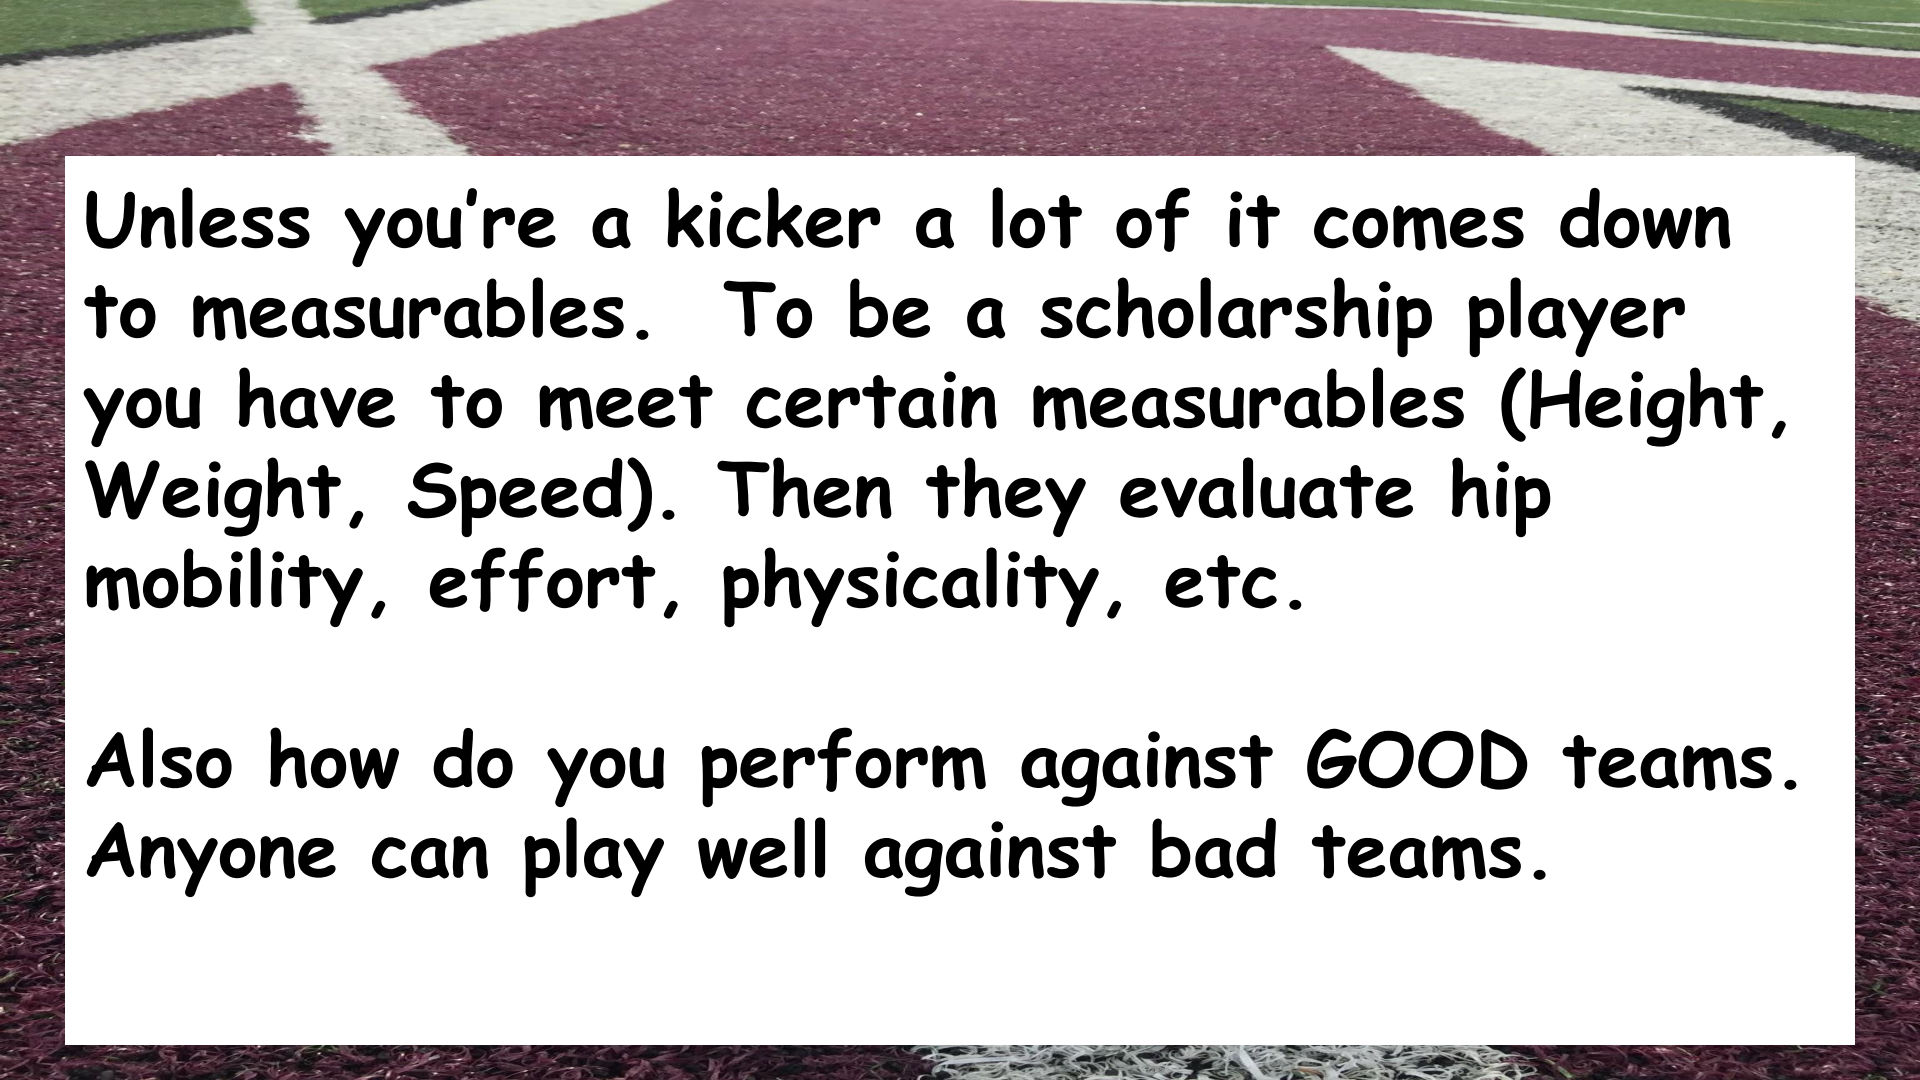

Camps: Go to schools where you can play! Make sure that if it's a big school "one day" that schools that you want to go to or that have communicated with you will be there. Give them a heads up that you are coming.

Simply go to the website of the school and see when their camps are. Most are not up yet. JUNE is a big month.

Where do you fit?

40,000 HS Players in Ohio...25-30 get D1 FBS offers, 119 D1 guys all together...The lower levels are still really good football.

Unless you're a kicker a lot of it comes down to measurables. To be a scholarship player you have to meet certain measurables (Height, Weight, Speed). Then they evaluate hip mobility, effort, physicality, etc.

Also how do you perform against GOOD teams. Anyone can play well against bad teams.
